ONE CHANCE MEDIA
The Experiential Event Partner

One Chance Media helps event professionals by developing a variety of unique virtual activations that assist in increasing engagement for and success of online events. We are continuing to create new solutions, but our current offerings include:

"DESIGN YOUR OWN" SWAG SHOP

An easy way for virtual attendees to create their own personalized, custom branded swag on a fully customized online store. We'll print and deliver their creations right to their doorstep, all in one user friendly experience.

DIGITAL PHOTO MOSAIC

Unite your virtual attendees by creating one customizable large image, composed of a variety of smaller images. Aggregate images live via text, social media and email submissions, the choice is yours.

INTERACTIVE INSTAGRAM FILTERS

Increase interaction and drive traffic to a brand's social media account with these unique, brandable filters. Found only on Instagram, these can be fun animated overlays, games, or

branded virtual props.

DIGITAL CARICATURE STUDIO

Host a virtual studio where attendees can watch as their very own caricature is created live by our artist or send us a photo and we'll turn it into a caricature - available online or for print.

INTERACTIVE QUIZZES

Engage and educate your virtual attendees with our BuzzFeed-like custom quizzes. The content and logic is completely customizable to your event or brand.

SELFIE BOOTHS

Turn attendees' phones into brand photo booths! Let them snap a selfie, text it to your unique event phone number, and within minutes they'll receive a fully branded picture, with options of your logo or branded virtual background.
